**Introducing Tolu, a tenacious toddler eager to share his world in his native tongue - Yoruba. The first in a series, Tolu's Family - a dual language book, introduces young readers to basic, commonly used sentences written in both English and Yoruba.**

**An excellent first book for those trying to get to grips with learning the language, such as children in the diaspora. Read aloud, this book serves as a wonderful aid for parents and teachers seeking to passively reinforce Yoruba speaking and listening skills. Each book also contains a list of high frequency words used to further assist learning.**

London born resident of Nigerian / Yoruba parentage, Tosin Coker found passing on her native tongue to her children difficult at best. Though she could understand it, she lacked the confidence to speak it and there was little support to encourage those in the diaspora to embrace the language. Learning resources were frustratingly limited, however Tosin decided to assist in bringing about the change she wished to see, and thus the Love My Language series was conceived.
